4th Year 1st Semester (7th semester overall) Pre-requisite courses	7th Semester Courses
To be able to take CE410 and RE group courses : student must not have any courses remaining from 2nd year AND student must have passed at least 4 out of these 6 courses: CE305, CE353, CE366, CE372, CE382, CE383	CE400 RE RE RE TE FE
4th Year 2nd Semester (8th semester overall) Pre-requisite courses	8th Semester Courses
To be able to take CE410 and RE group courses : student must not have any courses remaining from 2nd year AND student must have passed at least 4 out of these 6 courses: CE305, CE353, CE366, CE372, CE382, CE383	RE RE RE CE410 TE

MATH119 MATH120 CE204 CE472

RE1=HYD, RE2=STR, RE3=GEO, RE4=MNG, RE5=HYDDE, RE6=STRDE.  
The numbers in the names of RE course groups do not indicate the order in which they will be taken. In both Fall and Spring semesters all RE group courses are available. For example, you can take RE6 course in your 7th semester and RE1 in your 8th semester. It is recommended that you take the CE410 course in your last semester before graduation.

MATH119 MATH120 ES202 CE305 CE490

2nd and 3rd year courses that are in dark gray colored cells are offered only in their regular semesters (i.e. in the semesters they are written.)

CE383, CE382, CE388, CE378 courses will be offered in every semester, but, the students who have previously taken these courses and failed (or students who for some reason need to re-take them for getting higher grades) will be given priority.

MATH119 MATH120 ES202 ES305 CE419

Students who do not satisfy the conditions to take CE410 and RE group courses, if there are no other courses that they can take and if they cannot satisfy the minimum number of courses per semester: can take 1 or 2 TE group courses.

Yellow colored courses will be offered also in their "irregular" semesters. The students who have previously taken these courses and failed (or students who for some reason need to re-take them for getting higher grades) will be given priority. If there is capacity in the course, these courses can be given to first-time takers.

Courses which do not have any pre-requisite courses, can be taken only when the student is "a student of that year" officially (i.e. when the student is in that year at METU Online system). For example, CE413 course does not have any pre-requisite courses, but it can only be taken when the student is "a 4th year student" at METU online system.

Two TE group courses can be taken in the same semester or in different semesters.

Pre-requisite courses of RE-TE Group Courses					RE and TE Group Courses
